

## NO ACTION TAKEN IN APPOINTMENT OF DRY OFFICER

This Action Was Taken Following Conference Between Leaders and the Governor—  
Settlement Now Rests Entirely With the  
Wheeler Measure to Create the Office

(By The Associated Press)  
SPRINGFIELD, Ill., June 8.—The fight over appointment of a prohibition commissioner to control the state's dry enforcement machinery was laid over for another day when Senator Meents recalled the administrative code amendment to second reading late today and had all reference to a prohibition commissioner stricken from the bill.

The action was taken following a conference between Governor Small and administrative leaders. Today's battle in the senate over appointment of a prohibition commissioner started when the administrative code amendment was called up.

## STRENGTH OF ARMY FIXED AT NOT LESS THAN 150,000 MEN

Army Bill Carrying  
\$334,000,000 Passed  
by the Senate

(By The Associated Press)  
WASHINGTON, June 8.—Rejecting committee provisions for a minimum army of 170,000 men for the next fiscal year, the senate today passed the army appropriation bill carrying a total of \$334,000,000 and making provision for an army of not less than 150,000 men. The house had previously provided for an average of 150,000.

Advocates of economy and a small army come to the front in the final hour of debate, attacked the committee provision for an enlisted personnel of 170,000 and then mustering their forces voted down 36 to 32 the committee amendment. The senate yesterday had accepted the 170,000 figure, so today's vote constituted a direct reversal.

The army budget goes to conference for the compromise of senate and house differences. The house bill carried appropriations totaling about \$140,000,000 less than the senate measure.

Democrats Support Committee.  
Two Democrats, Senators Fletcher of Florida and Myers of Montana, voted with 30 Republicans to support the military affairs committee as to the size of the army.

Thirteen Republicans voted with 30 Republicans to support the military affairs committee as to the size of the army.

Thirteen Republicans voted with 23 Democrats against the 170,000 figure. These Republicans were Senator Borah of Idaho; Capper of Kansas; Gooding of Idaho; Harold of Oklahoma; Jones of Washington; Kenyon of Iowa; Ladd of North Dakota; LaFollette of Wisconsin; McNary of Oregon; Stenfor of Oregon; Townsend of Michigan; Norris of Nebraska and Willis, of Ohio.

Committee Amendments Other than for the pay of enlisted men were accepted.

Senator Dial, Democrat of South Carolina, attempted to attach an amendment prohibiting use of any appropriation to pay American troops in Germany, France and Belgium 90 days after approval of the act. It was voted down by a chorus of noes.

## STORMY SESSION MARKS OPENING OF NEWBERRY HEARING

Heart Specialists Will  
Examine One of the  
Witnesses Called

(By The Associated Press)  
WASHINGTON, June 8.—Senate inquiry into Henry Ford's contest for the seat of Senator Truman H. Newberry of Michigan, growing out of the 1918 election, began today and ran through a stormy session.

John S. Newberry, brother of the senator testified that because of "love, affection and loyalty," he had opened his bank account thru an agent for unlimited and supervised campaign expenditures, concerning the amounts of which he had never inquired and the manner of which he knew nothing "except as I read it in the newspapers."

The total drawn was placed at \$99,000 by the witness. Henry B. Joy, a Detroit capitalist, was called, but an attorney presented a physician's certificate declaring that the absent witness was suffering from a heart ailment which might kill him if he were put on the stand. Alfred Lucking, counsel for Ford, demanded:

"Want Joy to Testify."  
"We want Mr. Joy. He was out on his yacht when the process server sought him. He gave \$45,000 to this campaign, and he is a brother-in-law of Senator Newberry. I'll never agree to proceed without his presence."

A tentative agreement was announced by Chairman Spencer under which two heart specialists will be deputized to examine Mr. Joy and determine whether he can be led without endangering his life.

Mr. Lucking demanded that the committee pick the doctors. "No, we will not," Senator Watson, Republican of Indiana declared.

The lawyers were told to select the medical authorities.

There was a partial agreement to the effect that the Newberry campaign and advertising expenditures were to be classed as "very large" and that the committee should take the record of the criminal case against Senator Newberry which was invalidated by the supreme last month, as to the facts Mr. Lucking permitted to prove larger amounts than the \$176,000 admitted there if he could.

Paul H. King, the Newberry campaign manager, called for a preliminary statement but was excused temporarily. All expenditures, he said, were accounted for because of delay in the presentation of bills after the election.

Thomas E. Phillips, a Detroit publicity man told of the taking of motion picture photographs during the campaign of Senator Newberry—then a navy officer standing on the deck of a wooden boat on a weekly visit of the publicity committee and they sent it copy each week. Bing thrifty the publishers used it all.

At the opening of the hearing Mr. Lucking moved for exclusion of all witnesses during the examination and Judge Murfin said "Spanish inquisition methods" would not be tolerated. Chairman Spencer ruled against the Ford contention.

Mr. Lucking called Walter O. Lewis, government agent but Judge Murfin objected saying Lewis had "controlled hundreds of agents who searched for evidence against Senator Newberry. Lewis excused without questioning.

Arrangements were made for night sessions after tomorrow to expedite hearings.

## Ask Investigation of U. of I. Officials

SPRINGFIELD, June 8.—Investigation of University of Illinois officials because of alleged discrimination against union labor was demanded here today at a meeting of the Illinois joint labor legislative board. The board called upon the state federation of labor to "make an investigation at the earliest possible moment."

Immediate action for this action, it was announced, was the recent discarding of the University printing plant, "purchased at a cost of \$50,000 to the taxpayers" and the "conspicuous parcelling out of the printing done at the University to private concerns at a much higher cost than it could have been done at the University plant."

Union printers were employed at the plant.

"The resolution the legislative board announced," taken in connection with the previous discrimination against plumbers and common laborers around the university who were members of a federal union and the activity of Dean Davenport, in the interest of the banker-farmer landlords and other corporations, all contributed to the determination to have a thorough investigation.

According to the board the University of Illinois, "altho of public character and supported by the taxpayers of Illinois is perhaps less known to the people of Illinois than is any other state university in the country. There is an apprehension that it is being used for the private interests and that public money is given only secondary consideration."

## PRESIDENT TALKS TO THE MEMBERS OF GRADUATING CLASS

Departs from Manuscript  
and Makes Plea for  
World Peace

(By The Associated Press)  
WASHINGTON, June 8.—President Harding, delivering a commencement address today at American university here, found the subject of world peace occupying so prominent a place on the program that he was prompted to depart from his prepared manuscript and declare for the presentation of peace by sovereign states without the interference of a world super-power.

The president's remarks followed an address by N. W. Rowell, K. C. of Toronto, Canada, who suggested that the best contribution North America could make to civilization was "for men on this side of the water" to stand together behind the movement for peaceful settlement of international.

Another speaker who touched on peace was J. J. Jusserand, French ambassador and the general discussion developed such a trend that Bishop John W. Hamilton, presiding chancellor, referred to the gathering as a "peace conference."

An added touch of the same character was given by the singing of a song which appeared on the commencement program under the title of "An International Anthem" and which rendered to the tune of "America" and "God Save the King" recounted how two "nations by the sea, two nations great and free an anthem raise."

SCIENTIST SAYS WE

(By The Associated Press)  
CHICAGO, June 8.—The majority of persons are "digging their graves by eating too much salt and those who indulge in dried herring, yarmouth bloaters, cured ham and bacon swallow enough sodium chloride in a year to turn them into a pillar of salt," Dr. Charles Woodward of Chicago today told the delegates at the convention of the Illinois state ecletic and surgical societies of Wisconsin, Illinois and Michigan.

"Beware of too much salt," Dr. Woodward said. "Excess of salt is the cause of inflammatory stages of many diseases that appear in the human body. Fifteen to thirty grains of salt a day is the maximum amount that should be taken into the human system."

## HARDING SENDS SHIPPING BOARD NAMES TO SENATE

Chicago Advertising  
Man Placed at Head  
of New Board

(By The Associated Press)  
WASHINGTON, June 8.—Nominations for the seven vacant places on the shipping board were sent to the senate today by President Harding.

Falling in a search for a man of practical shipping experience to head the board, the president gave the chairmanship to A. D. Lasker, a Chicago advertising man who accepted with a pledge to place the board immediately on a sound business basis and to seek the advice of shipping men generally.

Three other Republicans, E. P. Plummer of Maine, T. V. O'Connor of New York and Meyer Lissner of California and three Democrats, former Senator Geo. E. Chamberlain of Oregon, Frederick I. Thompson of Alabama and Rear-Admiral William S. Benson U. S. N., retired were nominated for the other places.

In the new list Admiral Benson now serving as board chairman under an appointment of President Wilson becomes its junior member having been named for a term of only one year while the terms of the others range up to six.

To Inaugurate Definite Policy.  
Inauguration of a definite shipping policy is expected to follow senate confirmation of the new board.

In a statement accepting his appointment today, Mr. Lasker asked for the patience and cooperation of private business in his task.

"It will be the first duty of the board," he said, "to do those things necessary to end incompetence and make the board a business institution guided by business principles and measuring up to business standards."

Scarcely had the nomination of Lasker reached the capitol when an attack upon his qualifications was launched in the house by Representative Hyman, Democrat, Tennessee.

The president's appointee had specialized in advertising soap and admitted he knew nothing about ships. Mr. Lasker was defended by Chairman Good of the appropriations committee and by Representative Chindblom and Madden, Republicans of Illinois.

Mr. Madden characterized the prospective chairman as "one of the ablest men in the country."

As a special mark of approval for former Senator Chamberlain his nomination was confirmed almost as soon as it was received in the senate.

BILL PROVIDES TAX  
ON FINISHED LUMBER  
Permanent Tax Bill Would Place  
Tax On Finished Lumber—  
Minnesota Members of Congress  
Will Fight Provision.

(By The Associated Press)  
WASHINGTON, June 8.—A provisional import duty of 25 percent on finished lumber as imposed by Canada with rough lumber on the free list has been fixed by Republican members of the ways and means committee in framing the permanent tariff bill according to information received today by Minnesota members.

They announced they would take the fight to the house to keep the finished product on the free list.

Under the schedule as drawn members of the Minnesota delegation said the 25 percent duty would apply in case of lumber coming from countries which imposed an import duty on lumber from the United States. It was said that practically all the finished lumber imported into this country came from Canada which had a tariff of 25 percent in effect since 1907.

Judge Jones has reason to be gratified with the Morgan county election returns. As a mark of approval he was given a vote of something more than 200 in excess of that cast for his associate. Even without a contest a candidate cannot but appreciate a vote of confidence.

Danville, it seems, has placed a ban on street carnivals, believing that they contribute very little to public amusement and take money away from the city without adequate returns. So many cities are adopting like rules that carnival companies are destined to have hard sledding.

Several thousand movie actors in California are said to be practically public charges because the period of unemployment has continued so long. Probably there is more truth in this statement than there is about the film

stars alleged to earn a million or two a year.

## SIMPLIFYING ELECTIONS.

The canvass of the vote in the last election did not take nearly as long as has been the general rule. One reason can be found in the new state law which now makes it unnecessary to segregate the vote cast by men and women. This change also made the tabulation work of election officials much lighter and reduced the cost of supplies. If some other changes now proposed by a bill before the legislature are made, election machinery will be still further simplified.

## THE PEOPLE DEMAND MORE SERVICE.

There is a widespread desire and demand for a lower tax rate and this is not surprising when the average citizen takes a look at his tax receipts. But the surprising thing is that people expect more and more from municipal, state and national governments, evidently forgetting that their requests cannot be met without the larger taxes to which they quite naturally have objections.

Taxes have increased in a marvelous way in the last five years but when you think about it you will find that people are demanding much more in the way of public service than used to be the case.

## FOR BETTER STATE SERVICE.

Gov. Small has taken a position relative to civil service which will no doubt subject him to criticism from some sources. The governor is favoring particularly the abolishing of civil service in relation to the department of public works and has given valid reasons for his position. Civil service as applied to some departments and lines of work may tend to better organization and better results. But the theory has been overdone and many a person without needed qualifications has been appointed to a position after a civil service test. Too frequently the tests applied have no real connection with the duties to be performed.

In support of his position the governor cites the action taken by the managing officers of state institutions who from very necessity have taken employees from other than the civil service list in the effort to secure adequate service for the state.

## THE STRENGTH OF YOUNG MEN.

As the organization work for the Chamber of Commerce progresses there is increasing evidence that the men in charge of this work know what they are about. The methods being applied here have been tried out with good success elsewhere and there are reasons for assuming that if there is proper enthusiasm and interest here, that the desired results will follow. At the program of work conference held last night and also on Tuesday it was interesting to note the expression of practical and worth while views by some of the younger business men of Jacksonville. Isn't it probably true that one of Jacksonville's greatest needs is to give the younger business men more responsibility in the direction of public affairs? They have a fine enthusiasm which is not always apparent in men of more mature years, who have had more

experience, more successes and more failures. Young men in Chamber of Commerce activities may be largely instrumental in bringing about desired conditions.

## CAMP FIRE GIRLS ENJOY OUTING

Write from Rotary Club House About Daily Activities.

Members of the Yolarov and Aokiya Camp Fires are spending the week at the Rotary club house on Mercedosa Bay. The following letter written to the Journal by two of the girls indicates that the days are being spent very happily.

Mercedosa Bay, June 8.—Three cheers for the Rotary club and their cottage could be heard from thirty-three throats as seven car loads of Camp Fire girls arrived at Mercedosa.

Although the night was very cold and sleepless we arose in the morning ready to carry out the following program:

Rising bell—6:30.  
Breakfast—7:00.  
Devotional period—7:30.  
Policing quarters—7:45.  
Open hour—8:15.  
Athletics—9:00.  
Swimming—10:30.  
Dinner—12:30.  
Inspection—2:00.  
Excursions, etc.—2:30.  
Supper—6:00.  
First aid talk—7:30.  
Evening program—7:50.  
Camp paper—8:00.  
Good night story or talk—9:20.  
Lights out—quiet—10:00.

The quiet is doubtful though. We started our athletics out by a good game of baseball. The winners were squads one and four. Volley ball and quilt throwing will be other features of athletics. The swimming beach is a mile from camp, and we row up in boats every day, and every one is enjoying floating on Sarah Cow's rubber raft.

First aid talks are given by Miss Riecke and notes are taken for an examination to be given on this subject later. Devotional services are held around the breakfast table each morning.

All the camp was much excited over a treasure hunt which was held yesterday afternoon. The hunters were made of two from each squad. Eleanor May Ames and Frances Griswold were the finders of the treasure. We escorted them home in honor, and immediately began chewing some of the gum from the treasure box.

The camp paper is progressing nicely under the direction of Carol Lander, with her staff of Helen Turner, Caroline Doane, Helen Walton, Eleanor Andre, Mabel Rogers, Betty Black, Joyce Lander, Marjorie Fay Hopper.

Mrs. Davis, our camp cook, keeps us well filled with good things.

We are well taken care of by Mrs. Doane, Mrs. Wilson, Mr. Stickney and Miss Riecke who keeps the camp well inspected.

We are not looking forward to next Monday with pleasure when we will have to break up camp and return home.

## WHITE HALL TROUBLED WITH BANDS OF GYPSIES

City Authorities to Take Drastic Action to Be Rid of Gypsy Menace—Mrs. Elizabeth Duncan Celebrates Birthday—Other White Hall News.

White Hall, June 6.—The White Hall city authorities are considering drastic action to cope with the menace of gypsies traveling in auto trains. Two outfits visited White Hall last week, the first on Wednesday during the early afternoon. This was the best equipped of the two, and were a cleaner set. Each outfit traveled in seven autos. The scavenging was at 6 o'clock Saturday evening, the women folks scurrying about the streets in such formation and with such persistence that the proceedings were akin to a holdup. They would even go behind counters in towing their curiosities, and with reduced forces at the business place because of the evening hour the invaders probably fared very well.

At the Woman's Toggery it was found that twenty dollars were missing from the money drawer just after the marauders had left. The invaders came from the north, and speedily formed in line and left town in the same direction, leaving forces at the business place because of the evening hour the invaders probably fared very well.

The gypsies pleaded innocence of wrong-doing as one by one members dropped a dollar into the hands of the marshal until a total of \$35.00 had been contributed, which was sufficient to satisfy the store people and pay all costs. The gypsies stated that they were on their way to Springfield, leaving word with the official that if they found her money claimed to have been stolen by them, the officer was to return the money to their forwarding address, Springfield.

Mrs. Elizabeth Duncan, mother of the ladies composing the Duncan sisters quartet, will be 84 years of age next Tuesday, and she is with her daughter, Mrs. Annie Smith, at Palmyra, where the occasion will be observed in a fitting manner, and where White Hall friends will send greetings.

The aged lady is in splendid condition, both physically and mentally, and has six living daughters, Misses Emma, Laura and Bird, at home; Mrs. J. E. Silkwood, White Hall; Mrs. L. P. Smith, Palmyra, and Mrs. W. C. Springlake, Oskosh, Wis. Two daughters are deceased. Her husband, Thomas Duncan, died some 25 years ago.

Clarence Scoggins is in a serious condition with tuberculosis at his home on Maple Heights, and last week his wife broke out with scarlet fever.

According to telephone advice from Mrs. W. R. Haigrove of Virden, the new district president, three with an important speaker at the M. E. church in White Hall next Tuesday evening in the interest of the work of the Woman's Home Missionary society, and Rev. Kirkpatrick is leaving nothing undone to encourage a very large hearing. The church is just now giving home missions the important consideration that it deserves, and the general public next Tuesday night will be interested in the presentation of the subject.

Notices have been sent to creditors of Buell Black of Hillview, announcing that he has petitioned the federal court for a dismissal of the bankruptcy proceedings directed against A. L. McClay, and the case will be heard on June 10th. Black alleged that McClay was a silent partner in the garage business at Hillview.

Homer Cully and family have removed from North Prairie street to their residence at 806 West College avenue.

## MISS LEONA MITCHELL WEDS HARVEY SANKS

Ceremony Said at Home of Bride's Parents Wednesday Evening—Will Reside Near Modesto.

Miss Leona Evalyn Mitchell and Harvey James Sanks were united in marriage Wednesday evening at 7:30 o'clock at the home of the bride's parents, Mr. and Mrs. E. F. Mitchell.

The wedding was a quiet but impressive home ceremony said by Rev. G. W. Randall in the presence of members of the family. The wedding party stood under an arch of ferns, while the vows were said.

Prior to the ceremony Mrs. W. P. Duncan sang, "The Dawn," "I Cannot Help Loving Thee," and "Avalon." "Wedding Bells," and the wedding march from Mendelssohn were played.

Miss Mary Margaret Mitchell, sister of the bride, came from Denver to act as bridesmaid at the wedding, little Ida Florence, also a sister of the bride, was the ring bearer. Floyd Deatherage of Waverly was the best man.

Mrs. Sanks is the second daughter of Mr. and Mrs. E. F. Mitchell, 739 South Clay avenue. Mr. Sanks is a farmer near Modesto.

Mr. and Mrs. Sanks left last evening on the Wabash for a wedding trip.

**NICHOLS PARK**

Employees of the Eli Bridge company appreciate Nichols park. Recently they held their annual outing at the park and Ben O. Roodhouse of the company sent the following letter of appreciation to S. W. Nichols, president of the park board:

Mrs. S. W. Nichols, Chairman Nichols Park Board, Jacksonville, Illinois.

Dear Mr. Nichols:

In behalf of the employees of Eli Bridge company and their families, we wish to express our appreciation for the use of Nichols park where the annual Big Eli picnic was held June 4th. Approximately 100 gathered at the park that day and we had a splendid all day gathering, using the screened-in dining hall for the noon day luncheon.

The fact was forcibly brought home to us last Saturday that Jacksonville has one of the most beautiful parks to be found anywhere. The citizens of this community hardly appreciate this splendid park where we may enjoy a picnic of a few hours or for all day.

Nichols park is becoming widely known as a camping spot for tourists and it should be more widely advertised as an inviting picnic location, as picnic parties from surrounding communities would come to Nichols park more often if they knew the splendid location and facilities of this picnic location.

Assuring you of our co-operation and assistance to the park board at any time the opportunity is presented, we are,

Very truly yours,

ELI BRIDGE COMPANY,  
Ben O. Roodhouse.

**THE BACON FAMILY**

Many persons will recall with pleasure the family of G. A. Bacon who lived here some years ago. Mrs. Bacon died at her home in Chicago a few months ago. The older son, Sidney, is soon to be married and the lady who is to become his wife will find a good and true man. Clara married the daughter of Mr. and Mrs. Robert Kuechler and is doing well. He is the father of three children and is prosperous. Minnie, the older daughter, taught a time in the State School for the Blind and married a very worthy and honorable instructor there, Mr. L. L. Coates.

Their home life has been truly beautiful. They have a son who will soon be of age and a second well along in his teens, and a lovely daughter of thirteen. All do their parents great credit. The family live in Ann Arbor, Mich. Clara, the younger daughter, lives in Chicago and is unmarried. She is well occupied and has made a good mark for herself in life.

**TO INSPECT THE FEDERAL GUARDS**

Sergeant Robert B. Brown was down from Chicago yesterday. He is a member of the regular army and came down from Chicago to inspect the home company of federal guards. He found things generally in good shape and had many pleasant things to offer regarding Capt. James and his command.

## RAILROAD SITUATION IN GREENE COUNTY

Indications of Better Understanding Between Alton and Burlington Roads — Greene County Medical Society Plans Outing.

White Hall, June 6.—Future developments in the local railroad situation will be observed with interest. Alton and Burlington roads have been indicating a better understanding between the Alton and the Burlington out of which have grown plans for changes and betterments so far as trackage is concerned, and further indication of future activities is afforded in the improvements that have been made just prior to the reopening of the interlocking plant at West Roodhouse, while

the tower house in the White Hall yard limits remains untouched by the carpenter and painter in its former rather uninviting condition. Now it developed that the railroad executives' association in its desecration over the railway financial situation, has turned seriously to the problem of economies by unification of service. It is now compiling a statement of the character, cost of operation, supposed saving and other material information concerning every instance of railroad unification of service from one coast to the other, whether in the use of depots, tracks or what not. Howard Elliott, chairman of the Northern Pacific board, told the senate committee on interstate commerce that the executives also plan a checkup of the junction cities, large and small, where union depots are not now provided, with the view of

pinning off expense wherever practicable. That union depots will be built in all such small cities, however, does not necessarily follow, for Mr. Elliott explained to the committee that unification, while generally desirable for many reasons, is not always entirely feasible, because of the character and direction of traffic movements, but expressed the belief of the executives that the canvass now in progress would disclose many cities where unification of terminals would be a distinct financial gain. However, it is made plain, that there will be no action in the matter of establishing joint city ticket offices. In view of these new purposes of the railroad executives it is recalled that at one time very good progress was made in the matter of bringing about the establishment of union depot facilities here, and that the local efforts in that direction suddenly ceased when it was realized that it would mean a considerable curtailment in the number of men employed at the stations under the present arrangement. Shortly before the war there was brought about action looking to furnishing White Hall with a switch engine each day to do all the switching for both roads and thus save time of the crews of the local freight trains, but a re-arrangement of the local freight runs by both roads will probably render this joint arrangement unnecessary for the present.

The Alton Automobile club, thru its touring bureau, has organized a system for keeping in touch with road conditions in every direction from that city for fifty miles or so. The plan is to have reports sent to the touring bureau twice weekly on a postal card from prepared especially for the purpose, covering all phases of road conditions that can be indicated in a handy manner. These reports are sent in from selected points by reporters usually representing automobile or good roads clubs or commercial organizations on a reciprocal basis wherever that is desired. In the absence of any such active organization at White Hall the

reports for this point will be furnished by R. B. Pearce. The Greene County Medical society is preparing for a splendid outing on July 10th, which will be in the form of a picnic dinner on that date on the White Hall Chautauqua grounds, according to notices just sent out by Dr. W. T. Knox, secretary.

**WHITE HALL MAN RETURNS FROM NAVY**  
S. Berry Grant Completes Term of Service in Navy—Local Crew Report Shows Good Conditions—Prevail — Other White Hall News.

White Hall, June 8.—The main interest in the judicial election was in the election of Floyd E. Thompson, democrat, whose seat on the supreme bench was contested by Claude E. Chipfield, republican, in the seventh district. First returns from Morgan county showed a slight lead for Chipfield, but at 8:30 p. m. a telegram from Judge Thompson at Rock Island to his father, A. A. Thompson, stated that he had carried Rock Island county by 5,000, and would win by 10,000. This was joyous news to the Thompson household, and to friends of the candidate in both Rock Island and White Hall. Later returns showed Thompson's majority would not be so great, but there is no doubt as to his winning. The local weekly crop report of R. B. Pearce shows that all vegetation is in good condition, and that the wheat harvest will be earlier than usual. The prospects are excellent all around unless some reports of insects become more menacing than are now apparent. The condition of oats does not seem to tally up with the excellence of wheat and corn. S. Berry Grant arrived home Monday evening from Great Lakes, having received his discharge from the naval service. Berry left here at the close of the school term a year ago, and was employed as a railroad telegrapher in the south until the depression forced his out of a job, when he enlisted for wireless service in the navy, but on arriving at Great Lakes found the wireless service has closed. Then it became known that he was under age, being only sixteen, and his honorable discharge followed on Decoration day. He says he is mighty glad to get back to his grandparents, Mr. and Mrs. T. J. Grant.

The listed family is most favorably remembered. Frank is associated with his brother Thomas in the drug business at Lewistown, Fulton county. The father Willis listed, occupies a soldiers' grave in the White Hall, which has just been given a military headstone by the local committee engaged in that work, concerning which Frank writes as follows: "I wish to thank you on behalf of the family for your efforts in having the military headstone erected at father's grave. We surely appreciate it."

## HAS CONDUCTED MANY EXPERIMENTS

University of Illinois Has Been Operating Limestone Field Experiments for Past Decade — Has Obtained Much Valuable Information.

Urbana, Ill.—For ten years the University of Illinois has been operating one of the most comprehensive limestone field experiments in America. This field is located on land typical of southern Illinois and was established thru the efforts of the late Dr. Cyril G. Hopkins of the University, and the experimental work was planned by him. This tract of land is divided up into some 164 small plots. Each of these plots either has no soil treatment applied to it or it is treated differently from the adjoining plots. Such an arrangement gives many valuable comparisons showing the influence of different methods of soil management.

On certain plots of this field no limestone is applied. On other plots limestone is applied to the land at the rate of 1500 lbs. per acre every three years, on other plots at the rate of 3,000 lbs. every three years, and on other plots at the rate of 6,000 lbs. every three years. In 1920 the light application of limestone produced 2 1-3 bushels of sweet clover seed per acre. The medium application produced 6 bushels of seed per acre. Here the heavy application of limestone produced almost three times as much seed as sweet clover seed produced, although the land was all seeded.

On this field there is compared coarse ground limestone, finely ground limestone and burnt lime. The coarse limestone which contains all of the fine screenings has proven to be as efficient as any other type of lime on this land. The northern Illinois dolomite limestone is sometimes referred to as hard limestone when compared with the southern Illinois calcium or soft limestone. The results on this field show that the hard dolomite limestone is as efficient as the soft calcium limestone.

In 1920 the land which was not limed yielded 13 bushels of corn per acre, while the land which was limed and on which a crop of green sweet clover was turned under yielded 39 bushels of corn per acre. At an average of 5 years, limestone has more than doubled the wheat yield on this one and when rock phosphate is used in addition to limestone the wheat yield is again doubled.

## ESTIMATE WHEAT CROP IS LARGER THAN LAST YEAR

Forecast — 43,000,000 Bushels More Than Last Year's Crop

(By The Associated Press)  
WASHINGTON, June 8.—The country's combined winter crop and spring wheat crop promises to be 43,000,000 bushels larger than last year's based on forecasts of production announced today by the department of agriculture. There will be smaller crops of oats, barley and hay than were harvested last year while the apple crop will not be so large as that of 1920 and the peach crop will be much smaller than last year's.

Winter wheat came thru May in bad shape in several important producing states and the forecast of the production was 578,000,000 bushels a reduction of 51 million bushels. Kansas premier wheat state reported a decline in the condition of the crop from 84 percent of normal on May 1 to 60 percent on June 1 which resulted in a reduction of 33,000,000 bushels. In Nebraska the condition dropped from 92 to 75 and in Oklahoma from 84 to 70.

The spring wheat crop forecast indicates 43,000,000 bushels more than last year's crop. The condition of the crop is better than a year ago while the acreage is somewhat smaller. An forecast with 10.8 bushels last year.

## COMRADES MEET

William Pierce of Breckenridge, Christian county, was a visitor in the city Tuesday. He was formerly of the famous Co. G, First Missouri Cavalry. He much enjoyed meeting his comrade, Riggs Taylor, and wished much to meet the others. John Brown, W. A. Kirby, W. H. Jordan and C. R. Taylor are the only ones of the company left in the city. Mr. Lacey of this county was a member and there are a few scattered about the land but they are getting scarce. It was to this company that George Glenn, Captain Wright, Cyrus Mathews, George W. Moore, James Magill, Mr. Maul, John W. Melton, George W. VanZandt and others belonged. They were unable to get into the service in Illinois and wanted to serve their country so allied themselves with the Missouri organization. The late Barbour Lewis who lived where is now the home of William A. Kirby, was captain, Mr. Burnett of Waverly was a first lieutenant and George W. Moore second lieutenant.

## MISS ELINOR RUSSEL IS BRIDE OF ENSIGN AMES

Very Impressive Wedding Ceremony for Prominent Jacksonville Young People — Notable Company of Guests.

One of the handsomest and most impressive weddings of the June season was that solemnized last evening when Miss Elinor Russel became the bride of Ensign John Griffith Ames. Two hundred guests assembled at seven o'clock on the beautiful lawn of the Russel home on Mound avenue.

There, under the pine trees, beneath a canopy formed by the American flag and the Union Jack, the marriage vows were said. Rev. J. P. Langton of Trinity church performed the ceremony which united the young people, and Dean F. S. Hayden pronounced the benediction.

The wedding party was one of the most charming ever seen in Jacksonville social circles. As Professor Edmund Manger of the Conservatory played the Mendelssohn Wedding March the members of the bridal party approached from the house and took their places in the garden.

The bride's maids, Miss Isabel Ames, sister of the groom, and Miss Sarah Kautz Russel, sister of the bride, led the party. The maid of honor, Miss Clara Elizabeth Russel, also a sister of the bride, took her place in front of the bride, who entered the garden on the arm of her father, Honorable Andrew Russel.

The bride was charming in a creation of fillet applique over ivory satin made with a heavy train falling from the shoulders. Her tulle veil was made in the shape of a most becoming Dutch bonnet and she carried an exquisite bouquet of lilies-of-the-valley and bride's roses.

The maid of honor wore a gown of crepe de chine apricot petals over white lace and she carried a lovely bouquet of Ward roses.

The gowns of the bride's maids were equally charming. Miss Russel wore a white lace gown with over petals of lavender organdy and her flowers were Lavender pansies. Miss Ames wore white lace with petals of green organdy and carried yellow pansies.

The groomsmen were Annapolis classmates of Ensign Ames, and in their naval uniforms gave a most impressive touch to the scene. Lloyd Moise of Ottawa, Kansas, an Annapolis student, was best man. The groomsmen were Kent Power of Petersburg, also of Annapolis, and Andrew Lang Russel, Jr., brother of the bride.

Immediately after the ceremony, the Annapolis men, according to a naval custom crossed their swords and the bridal couple passed under the arch and into

the home where they received the congratulations of the guests.

A reception was given after the ceremony in honor of the bride and groom and also for Governor Len Small and Mrs. Small, who were honor guests at the wedding. In the dining room a beautiful color scheme of yellow and green was carried out. The wedding cake was inside a little green bower and the groom cut the first piece with his sword.

The many handsome wedding gifts were on view on the upstairs porch of the Russel home. One especially unusual gift was an original music composition, "Spring Harvesting," the gift of Miss Anne Wakely Jackson, who composed the music and Wayne Gard, who wrote the words.

The bride wore but one jewel, a large moonstone pendant on a platinum chain, the gift of her mother. The jewel was one of the English crown jewels, originally belonging to Queen Victoria's granddaughter. It was given to Mrs. Russel during the war.

Last evening's ceremony united two of Jacksonville's most prominent families and was the culmination of a life long friendship between the bride and groom.

The bride, the daughter of Honorable and Mrs. Andrew Russel, is a talented as well as a favorite member of the younger set. Ensign Ames, the son of Professor and Mrs. J. G. Ames, has recently graduated from Annapolis and is a young man of unusual ability and personality.

Ensign and Mrs. Ames left last evening for Chicago where they will remain for a few days before starting west. They will go to San Francisco via the Canadian Pacific, stopping at Lake Louise, Vancouver, Victoria and Seattle. On July second, the groom will join his ship with the Pacific fleet and go to Seattle where he and his bride will remain till September when the fleet sets sail for southern waters.

The out of town guests at the wedding were Governor Small and Mrs. Small, Lieutenant Governor Fred E. Sterling and Mrs. Sterling, Secretary of State L. L. Emmerson and Mrs. Emmerson, State Treasurer E. C. Miller and Mrs. Miller, Attorney General Edward Brundage and Mrs. Brundage, Honorable and Mrs. Francis G. Blair, Mrs. E. C. Curtis, Mr. and Mrs. Stuart Russel, all of Springfield; Mrs. H. S. Candee and Misses Marian and Helen Candee, of Cairo; Mr. and Mrs. Ben Ames, Miss Betty Ames and Delmo Ames of Roswell, New Mexico; Andrew Lang Russel and Dessault Ames, students at St. John's Military Academy at Delafield, Wis.

SUMMER MUSIC CLASS  
Miss Olive Engel, 414 East State street expects to remain in Jacksonville all summer and will take a limited number of piano pupils. Miss Engel is a graduate in both piano and organ of the Illinois Woman's College. The patronage of those interested is solicited.

## ELECTION BOARD HAS FINISHED WORK

Official Figures Show Very Slight Change From Those Compiled on Election Night.

The election canvassing board including County Clerk Riggs, Squire W. E. McCurley and Squire A. B. Opperman finished its work yesterday. The official canvass showed very few changes from the unofficial figures. Judge Chipfield, candidate for the supreme court, carried the county by a majority of 12. Of the three non-partisan candidates for circuit judge, the largest vote was cast for Judge Jones, who was given over 200 votes more than either of his associate candidates.

The official figures on officers and public policy questions are as follows:

## M. E. LADIES' AID OF LITERBERRY MEETS

Regular Meeting Held Wednesday at the Home of Mrs. Wayne Dinwiddie—Election of Officers Took Place.

Literberry, June 8.—The regular monthly meeting of the Ladies' Aid society of the M. E. church was held Wednesday afternoon at the home of Mrs. Wayne Dinwiddie, west of Literberry. There were about thirty-five present and a profitable session was held. The program included a duet by Misses Anna and Eleanor Dinwiddie and a piano selection by Miss Floy Clark. An excellent paper was read by Mrs. Oscar Beavers.

At the business session the election of officers was held, resulting in the choice of the following:

President—Mrs. O. G. Dinwiddie.  
Vice president—Mrs. Ellis Thompson.  
Secretary—Mrs. Charles Clark.  
Treasurer—Mrs. Levi Deatherag.

Following the program some time was spent in pleasant social manner and the hostess served delightful refreshments. The next meeting will be held at the home of Mrs. Al Dunlap on Wednesday, July 14. Among the guests yesterday afternoon were County Agent G. B. Kendall and Mrs. Kendall.

## BODY BADLY MANGLED

Relatives of Noel Thompson, who was killed Wednesday afternoon at Langley field, received word yesterday afternoon that the body was badly mangled and would be shipped to Roodhouse in a sealed casket.

The message did not state when the body would be shipped and no funeral arrangements have been made.

Edward Baxter has gone to Carrollton for a week's visit with friends.

# Shanken's New Store Opens Saturday

We take pleasure in announcing a new women's store for the city of Jacksonville. We are confident of a hearty welcome because we are going to save the ladies of Jacksonville and vicinity money. Not only are we going to offer bargains in ladies ready-to-wear garments and piece goods but we are going to offer merchandise which will excel in style and in those other qualities which may be summed up in the terms "up to the minute" or "the very latest."

The Shanken organization includes one of the largest wholesale houses in St. Louis, a manufacturing organization, a chain of retail stores, and it is our plan to establish a retail store which will be located in the live and solid cities such as Jacksonville, Ill.

This organization will have an advantage in purchasing its merchandise which is readily apparent and which will make the news of the opening of the new store in your fine city good news to the ladies of Jacksonville.

Our lines will include, suits, dresses, coats, skirts, shirt waists, hosiery, millinery, ladies underwear and a full line of yardage goods.

The store at 46 North Side Square has been made ready and the stock is now being accumulated and made ready for display and our opening sale particulars of which will be given in tomorrow's paper.

Every article in the store is new. It is up to the minute. It is the latest. And by our opening bargains you shall know us.

## BABE RUTH SERVES JAIL SENTENCE BUT STILL PLAYS BALL

Speeds to Park in Time to  
Get Into Game in Sixth  
Inning

NEW YORK, June 8.—It takes more than a jail sentence to keep "Babe" Ruth from playing ball. Babe served six hours—a technical day—in the traffic court today, made a wild dash out to the field and played three innings of a winning game against Cleveland.

After paying his \$100 for hitting the high spots on Riverside Drive about a week ago, he began serving one day "in confinement" because this was his second offense. If the meter of a newspaperman's taxi which followed him to the park could be depended upon, Babe violated the same speed law before he had been out ten minutes. He covered the nine miles to the Polo Grounds in about 19 minutes. As four o'clock the time for his release approached, his torpedo roadster awaited him. He sped away from a cheering crowd with a policeman on the running board, to clear the way and Magistrate McGowan

## They Limp In And Skip Out

This is exactly what they do. They come into this store often limping and leave it with steps that skip like those of happy, foot-comfortable children. That is because they enter here with all kinds of foot troubles, foot aches and foot hurts and get them corrected by the use of the proper Dr. Scholl's Appliance, so that relief is assured. Come in at your first opportunity and let us demonstrate upon your own foot how easily you can have complete foot comfort. We make no charge whatever for examination and advice. No need of removing hose.

seated beside him to see that he would not be pinched again. Ruth had part of his uniform under his clothing and showed in time to swing a bat in the sixth inning. The crowd did not realize him at first but when they did they welcomed him uproariously.

He walked to first, stole second, and made third on the second out. "Baker grounded out returning the steal. Babe got one more chance in the 8th but was put out after a weak blow to second.

Chester Williams is the proudest colored boy in the city, due to Babe's arrest for he has the distinction of being the only man who served a sentence in the same "pen" with the hitting champion. Chester said Ruth kept to himself during the day, held a gloomy face "a mile long" and even refused to join in a dice game.

"I'll never be caught speeding again in this town," Chester said. Babe remarked sadly.

## TUMULTUOUS GAME WON BY YANKEES

Cleveland's Lead Reduced to  
Half Game by Win—Speaker  
Plays Game Under Protest.

NEW YORK, June 8.—New York reduced Cleveland's lead to a half game by winning a tumultuous contest from the world's champions 4 to 3. The finish was played under protest by Manager Speaker of the Cleveland club after Baker singled in the ninth. Speaker claimed he had swung at the pitch previous for his third strike but Umpire Wilson called it a ball.

## "CUPPLES" Red Inner Tubes

Cupples Inner Tubes are LAMINATED and built after a method that is more expensive but offers the greatest protection against flaws of any kind.

They are made up from thin sheets of the finest quality of rubber which, when vulcanized together, produces a perfect air-retaining tube. This laminated construction guards against porosity, pin holes, and defects of every kind.

Cupples Inner Tubes do not leak, seep, or creep—they are considerably heavier and stronger than the ordinary inner tube. Insist upon getting Cupples. You will have less trouble and lower tire cost.

We handle Cupples tubes and tires, the tires that won't sand blister, nor separate.

## DEMPSEY WORKS TO PERFECT HIS SHIFT

Experts Agree That He Has It  
Mastered to Perfection—News-  
paper Writer Denied Admit-  
tance.

Atlantic City, N. J., June 8.—Jack Dempsey worked out for forty minutes in his indoor arena today practicing for the most part on his shift which, experts agree, he has mastered to perfection. The titleholder gave a remarkable demonstration of timing his punches. He would stand before a heavy inflated punching bag, rush into the target as if set for a right hand punch and then shift hooking it with a terrific left that carried the full power of his weight. He repeated this for ten minutes.

Dempsey then jumped into the ring and shadow boxed for a round. He was dripping with perspiration by the time he was ready for a fourth round whirl at the sixty pound felt stuffed bag suspended from the middle of the ring. He drove right and left hand blows into the bag with such force that the leather covering was ripped in two places.

After covering six miles on the road, the champion returned to camp and spent the balance of the morning building a new house and fenced in yard for his four dogs.

The first newspaper writer to be denied admittance since Dempsey started training here was turned down this afternoon after he presented a pass issued by the personal representative of Jack Kearns.

He had written stories which Dempsey's handlers had considered offensive and when he presented the pass it was promptly torn up. He was told that he would not be admitted, even if he paid a dollar, the usual admittance price.

## CONTAGIOUS DISEASE LAW TO BE ENFORCED

Violations are Called to Notice by  
Dr. A. M. King, City Health  
Physician.

Because of failure to comply with the law with reference to contagious children's diseases Dr. A. M. King, city health physician, yesterday issued a notice calling special attention to the violations and the attendant danger, together with the warning that the law will be enforced.

It is known that recently there have been a number of violations of the law, especially in relation to whooping cough. Hereafter reports of any violations of the law will be investigated and if they are found to be true the law will be rigidly enforced. The statutes provide for a fine of \$50 for failure to report cases of whooping cough and a fine of like amount for permitting children who have this ailment to go outside the yard of their own homes. The city physician said regarding the situation: "A child who has had a cough for several weeks should be quarantined, and especially if it has been exposed to whooping cough. The law specifically states that a child with whooping cough must be kept in the house, or if there is an enclosed yard, he may be permitted the freedom of the same, provided that he does not come in contact with other children. A child may have whooping cough and not whoop."

Dr. King said it appears as if some residents believe it an act of intelligence to hide contagious diseases, and even permit their children to associate with other children who have not had the contagion. He repeated the statement that any parent not reporting whooping cough or a prolonged cough in the family will be prosecuted.

## THE QUESTION OF PLAYGROUNDS

One of the needs which every one thinks is pressing on our city is well directed recreation for children and properly chaperoned playgrounds. This is certainly wise and sensible but to accomplish it some one will have to come forward with the means. In the fourth ward on South church and the fourth West streets near the brook are pieces of ground which surely have not in the past been very valuable to their owners and should be sold at a reasonable price for such a good cause.

When properly supervised, playgrounds are a great blessing to a community. Tuesday's supervisor at the first ward playground had ninety children during the day and they had a fine time with the various appliances there. Many students of the subject have decided that playgrounds are a better investment than jails and reformatories. Children must have recreation during vacation months and if it is not supplied they are likely to get it in ways injurious to themselves and the community.

## LEAVES FOR ELGIN

John Fierke, a student at Illinois college, will leave this morning for Elgin where he will take a position with the state highway commission.

F. A. Hathaway, who had charge of the central territory of Swift and Company, was in the city yesterday inspecting the local plant.

## FACE DISFIGURED WITH PIMPLES.

And Blackheads, Caused Itching, Troubled a Year. Cuticura Heals.

"My trouble began with pimples and blackheads which later developed into a rash and caused an itching feeling, especially in hot weather. My face was badly affected and was red, bloated and disfigured. This trouble lasted about a year and I tried different kinds of remedies but nothing helped me. I began using Cuticura Soap and Ointment and after using one cake of Cuticura Soap and almost a box of Cuticura Ointment for three weeks I was completely healed." ## MORE SUGGESTIONS FOR CITY'S FUTURE

Chamber of Commerce Members  
Exchanged Views on Program  
of Work.

Another program of work conference was held at the Pacific last night. After supper had been served 50 men were divided into two groups for informal discussion of the needs of their own business and of those of the city in their relation to the chamber of commerce. John W. Merrigan presided and after a brief explanation of the purpose of the meeting Mr. Merrigan presided over one conference group and John S. Hackett over the other.

As in the conference on Tuesday night, most of the men expressed the thought that their own business would be improved just as conditions for the whole city advanced. Some of the views expressed as to matters of first importance to the community were as follows:

Better approaching roads.  
Greater cordiality for farmers. In increase in number of street lights.  
Reduction of present tax so that sewer system can be undertaken.  
Killing of exclusiveness.  
Encourage young men to

Children's Laughter a Pleasing Sound

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had six children die almost at birth. From one hour to nineteen days is all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound, and I can say that it is the greatest medicine on earth, for this baby is now four months old, and a healthier baby you would not want. I am sending you a picture of her. Everybody says 'That is a very healthy looking baby.' You have my consent to show these few lines to anybody."—Mrs. C. W. HENZ, 131 3rd Avenue, Altoona, Pa.

Mrs. Janssen's experience of interest to childless wives. Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a nice, strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. H. H. JANSSEN, Millston, Wis.

Mrs. Held of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says: Marinette, Wis.—"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my letter as a testimonial."—Mrs. H. B. HELD, 330 Jefferson St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments as indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.

Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

## Daily Market Report

### RECURRENT WEAKNESS IN FOREIGN EXCHANGE

NEW YORK, June 8.—Relaxation of money rates and recurrent weakness in foreign exchange overshadowed today's operations in the stock market. Call loans opened at 7 per cent but before midday were unchanged but brokers reported liberal offerings which extended to bank acceptances and mercantile paper. Explanation was lacking for further collapse of international remittances which amounted to six cents in the pound sterling and ten to 45 points in French, Belgian, Italian, Swiss, Spanish and Dutch bills. In banking circles the engrossing topic was the announcement of the treasury department's forthcoming offering of some \$500,000,000 short term notes to sustain government securities. Stocks were irregular and hesitant from the outset, the session being marked by a series of reactions and recoveries. Sales amounted to 575,000 shares.

There was early selling of liberty bonds, presumably because of the new treasury offering but that group made up part of its loss.

### PRICE OF WHEAT

CHICAGO, June 8.—Wheat showed an upward slant in prices today chiefly on account of rains which pointed to a delay in the harvest of the winter crop. Closing quotations were firm at the same as yesterday's finish to 2c higher with July \$1.32 to \$1.32 1/2 and September \$1.16 to \$1.17. Corn lost 3/4c to 1 1/2c and oats 1/2c to 3/4c. In provisions the outcome was unchanged to 7 1/2c higher. Kansas and southern Indiana were chiefly the subject of misgivings among wheat traders who feared a wet harvest. Considerable buying of the July delivery took place as a consequence of apprehension about too much moisture where the fields were ready to cut. The general run of crop advices however, appeared to be optimistic and the September delivery was therefore much less in demand than July. Bulls were handicapped also by slowness of export call and by a new break in foreign exchange. Moreover, there was an evident disposition to restrict new business until after the government crop report was known. The government figures came subsequent to the close and as generally had been expected proved bullish altho not to such a radical extent as the latest recent private forecasts had implied. Corn and oats were lacking in the aggressive support which has been conspicuous of late. It was said part of the recent corn shipments contracted for to go to Montreal were still awaiting a trans-Atlantic buyer.

Provisions hardened a little in line with hogs and as a result of some export buying.

## Well Fitting Dress Footwear

There is a daintiness in a gracefully slipped foot. The dress styles shown are delightfully modeled—which means that style is expressed in simple, close fitting lines. Shapes are moderate and pleasing.

DAINTINESS—There is a snug ankle fit to the styles offered this season that will appeal to the women who admire close fitting footwear. They have special charm over rich silk hose and in the leathers now shown are delicately rich. Watch our show windows.

### GROWING INTEREST IN TENT MEETINGS

Testimony Meeting Preceded Regular Service Wednesday Evening—Four Young Women Respond to Invitation.

Interest continues to grow in the tent meeting being conducted by Evangelist Linton in South Jacksonville.

Preceding the regular services Wednesday evening was a testimony meeting which proved of great interest. Miss Clara Ransom sang a solo, "Jesus for Me."

The evangelist took for his text "Remove Not the Ancient Landmark thy Father Has Set," from this text the minister drew a comparison of modern religious methods with those of the days of our fathers. He made a strong appeal for Bible Christianity.

At the close of the service four young women came forward when the invitation was extended. The subject for this evening will be "Dry Bones."

ENTERTAINED FOR MISS HAY  
Mrs. H. P. Mohr of Sandusky street entertained a small company of friends yesterday afternoon in honor of Miss Lula Hay, who is soon to leave Jacksonville for a year. Miss Hay will both study and teach music in Chicago during this leave of absence from the Woman's college. Her mother, Mrs. M. E. Hay, will accompany her to Chicago.

W. C. Hurst, general manager of the C. P. and St. L. railway was in the city last evening.

### Social Events

#### West Liberty Aid

Met Wednesday.

The West Liberty Aid society met Wednesday afternoon with Mrs. J. W. Lazenby with a good attendance of members and ten visitors present. The business session was held and then Miss Louise Middleton gave a piano number. A social hour followed and the hostess served delicious refreshments. The next meeting will be held with Mrs. J. W. Marshall of Webster avenue, July 13th.

#### Booster Club Had

Indoor Picnic

Girls of the Booster Club of the Cloverleaf Casualty Co. had a picnic at the club rooms Wednesday evening. The plans had been for a picnic at the park but unfavorable weather suggested a change. A splendid menu had been prepared and there were several features of entertainment which helped to make the picnic a very distinct success.

#### Birthday Party for

Mrs. Frank Arenz

Wednesday was the birthday anniversary of Mrs. Frank Arenz of 809 Doolin avenue, and the occasion was very pleasantly observed. A number of the friends of Mrs. Arenz spent the afternoon with her, an informal program of music adding much to the pleasure of the event. During the afternoon excellent refreshments were served. The hostess received many nice gifts from those present and altogether it was a very happy event.

#### Merritt Aid in

Successful Meeting.

The Merritt Aid society met at the church Tuesday, June 7, for an all day meeting. A bountiful dinner was served by the members. After a business session, each lady gave to the society, money which she had earned thru the summer. A very enjoyable time was spent listening to the various ways in which this money was earned. The sum of \$82 was realized at this time.

Almost the entire membership was present, and each one pronounced the occasion a success.

At the suggestion of our capable president, Mrs. Ann Coultas, plans for a bazaar to be held during the fall, were made.

#### W. F. M. S. of

Hebron Church Met

The W. F. M. S. of Hebron church held a regular meeting at the church Tuesday afternoon, with a large attendance of members and guests. The program opened with the singing of "What a Friend We Have in Jesus," followed by prayer by Mrs. J. C. Swain.

The devotional exercises were in charge of Mrs. R. W. Robinson. The members responded to roll call by giving verses of Scripture. The program included a number of very interesting leaflets. One given by Mrs. J. C. Swain was on the subject "Tithers of Time." Next Miss Harriet M. L. Jumper read a leaflet on "Of No Use." The last one was by Mrs. Daniel Ward on "In Japan."

The mystery box was conducted by Mrs. R. W. Robinson. The program closed with the Lord's Prayer repeated in chorus. A collection amounting to \$2.75 was taken.

Sinclair Country Club  
The Sinclair Country club met Wednesday afternoon at the home of Mrs. Edward Hairgrove. There was a fair attendance of the members at the meeting which was presided over by the president, Mrs. Eugene Hart. Roll call was answered by each one naming a cold drink.

Following the business session the members discussed in a general way starch and frozen desserts.

The club adjourned to meet June 22 at the home of Mrs. Charles E. Balmer. This will be the annual picnic and all the members and their families are urged to be present.

Guests at the meeting were: Mrs. Edward Armstrong, Mrs. Everett Armstrong and Mrs. Lockhart.

### JURY IS SECURED IN BROWN COUNTY CASE

Self Defense Is Plea of Timothy O'Connell Charged With Murder of Elwood Lent.

The jury was secured late yesterday afternoon for the trial of Timothy O'Connell, who is charged with the murder of Elwood Lent. The opening statement was made by State's Attorney Briggs of Brown county and Judge W. H. Dietrick of Beardstown made the statement on behalf of the defense.

The court then adjourned and the taking of evidence will begin when court convenes this morning at 9 o'clock. The jury includes James Spradlin, Jacksonville; Bert Lukeman, Franklin; Gus Henry, Nortonville; Alfred Lamb, Murrayville; Samuel Chaliner, Markham; Ruby York, Markham; Eb Spink, Jacksonville; Bert Lukeman, Franklin; George E. Brown, Franklin; H. Lindeman, Jacksonville; T. V. Swahill, Jacksonville; Charles Scott, Chapin.

It will be remembered that the case, which comes from Brown county, was tried a year ago in the court here, when the jury failed to reach an agreement. O'Connell shot and killed Lent following a conversation about a piece of lead pipe which O'Connell alleged had been taken from his pasture. The defense claims that O'Connell shot Lent when the latter was approaching him with club in hand, and after he had several times been warned to stop.

John Whitehead was working with Lent at the time in installing a sorghum mill and O'Connell will claim that Whitehead was walking toward him armed with a club or branch of a tree.

Practically all of the witnesses summoned are from Brown county and were here to testify at the trial a year ago.
